You are the reason why I despise the world  
But still you're the only reason why I'm still in it  
Time never healed my wounds  
It just made them more infected  
They talk about their heartache  
But I got a fucking heart attack

I can't reach my mind, I can't reach my heart  
Why can't I leave you behind?  
Never have a choice, never feel rejoice  
I damn my inner voice

And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream  
And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream

Every time I talk with you I never have a choice  
Every time I try to sew my wounds, you stretch them  
wide open  
Time never washed my brain, it just made it more  
infested  
I will break out of this mind prison, I will break out!

I can't reach my mind, I can't reach my heart  
Why can't I leave you behind?  
Never have a choice, never feel rejoice  
I damn my inner voice

And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream  
And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream

Every time I talk with you I never have a choice  
Every time I try to sew my wounds, you stretch them  
wide open

And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream  
And when two rivers run together they can never be  
distinct again  
Locked in a dream to filter out your polluted stream

I can't reach my mind, I can't reach my heart  
Why can't I leave you behind?  
I don't have a choice, let me feel rejoice  
I damn my inner voice

I can't reach my mind, I can't reach my heart  
Why can't I leave you behind?  
I don't have a choice, let me feel rejoice  
I damn my inner voice

I can't reach my mind, I can't reach my heart  
Why can't I leave you behind?  
I don't have a choice, let me feel rejoice  
I damn my inner voice
