[Kim]

Always cost a pair of hose - spaces pressed together
rose
Arms around each others back - you know that I liked
you Jack
And all the other boys who pose - a silent dance in the
woods
In the suburb light is shown - another can of Coca Cola
Don't you ever call me Mom - freckled dancing in the
plan
And air so thin it weighs a ton - you can see as far as
fun
You're nothing but a history - a second here and then
you're gone
Quicksand, quicksand all around - turn the corner just
beyond
The shadows move and change the groove - and
something tells me not to brood
Turning room and that's a show - you're walking
through my heart once more
Don't forget to close the door - I'm not certain of what
you found
All the men want a charming whore - like a crown
fortunes
Sunny skies and angels bleed - falling down upon my
knees
That wasn't how it's supposed to be - clear blue eyes,
justice tries
The wind is busy blowing dizzy - you're dreams were
shot like a star
Exploding in a mind somewhere - doing something on
a dare
Pulling a trigger like breathing air - a sunkissed boy
that gave no thought
To what he'd made while others sake

Ocean spreads a candle sand - it's dripping in my
hand, you're dead
Little brother reminding me - the moments tick forever
true
You can see as far as him - don't you know the shape

I'm in
You're walking through my heart once more - don't
forget to close the door
