Look into my eyes, don't you trust me  
Yr so good you could go far  
I'll put you in a movie, don't you want to  
You could be a star  
You could go far  
You've got twistability  
You fly hard, don't you wanna  
You've got kissability  
You could be a star, it ain't hard

Yr driving me crazy, I feel so sick  
Yr driving me crazy, give us a kiss

Look into my eyes, don't you trust me  
Yr so soft, you make me hard  
I'll put you on a movie, don't you wanna  
You could be a star, you could go far  
You've got kissability  
You sigh hard, don't you wanna  
You've got twistability  
You could be a star, it ain't hard

Yr driving me crazy, you smell so sick  
I feel so tired, you made me sick  
Yr driving me crazy, if I feel so sick  
Yr driving me crazy, if I feel so sick

Look into my eyes, don't you dis' me  
You're so good, you could go far  
I'll put you in a movie, don't you wanna  
You could be a star, you could go far  
You've got twistability  
You fly hard, don't you wanna  
You've got kissability  
You could be a star, it ain't hard

You're driving me crazy, I feel so sick  
You're driving me crazy, give us a kiss
