I see the world through eyes of desperation  
Never knew how long I'd fall  
But I fell through years and years of darkness  
Still I cannot seem to hit the ground

I let my guard down  
And you caught me by surprise  
Nothing is ever carved in stone

Will I spend my life wondering  
What could have been if I didn't throw it away  
Or will I struggle on  
And find a better path for myself?

I've built my life upon decades of experience  
But what I built for years took days for you to raze  
In the end I learned that one single snowflake  
Can set an avalanche in motion

Some questions are dangerous, the truth is not an  
option  
This is the illusion I pulled down over your eyes  
But I left my guard down and you caught me by  
surprise  
Nothing is ever carved in stone

Will I spend my life wondering  
What could have been if I didn't throw it away  
Or will I struggle on  
And find a better path for myself?

I secure my every step  
Slowly I advance away from you  
How can I forgive you  
When it wasn't your fault

Will I spend my life wondering  
What could have been if I didn't throw it away  
Or will I struggle on  
And find a better path for myself?

Will I spend my life wondering

What could have been if I didn't throw it away  
Or will I struggle on  
And find a better path for myself?
