### "We Rule The Night"

My home is no longer a place where refuge can be found

"You dug far too deep..."

What I stumbled upon

"Was not for your eyes to see"

I'm always on the run, 'cause something's after me

Cold shivers working its way down my very spine

I'm far away from home

I'm far from all I know

"You can't run from me"

My heart gives me away

And there's no place left to hide

"You will accept Cain's curse"

Pay the price for your ignorance

Discard all your mortal feelings

UNTIL THE END OF TIME, WE ARE SLAVES TO THE DARK  
HE PULLED ME DOWN, PULLED ME DOWN TO HIS WORLD  
WE EMERGE FROM THE SHADOWS AND WE RULE THE  
NIGHT

WE RULE THE NIGHT, RULE THE NIGHT TOGETHER

My body degrades; organs failing

Your blood runs like liquid fire in my veins

"The masquerade unveils; share my burden, child"

Kill them all and then let God separate them

Their pain shall be legendary

As my body dies tonight

I see clearly who pulls the strings

We broke our oath

Used the forgotten keys of this world just to

Eclipse the sun for you

Black out the sun

We buried it as deep as we could

It wasn't deep enough

We buried it as deep as we could

But it wasn't deep enough

We rule the night, we rule the night
