I saw you yesterday, I thought I'd be okay
And now I'm falling into pieces
I'm not gonna be afraid, I'm giving it all it takes
And now I'm strong enough to face it

I'll say it loud, you tore me down
A better man would've pulled me up

Shouldn't have gone and leave me broken-hearted
Picking up the pieces, now I'm starting over, over
Even when you think that I'm going under
Rising to the top, that's how I'll be getting over, over you
Over you

I'm making my own way after a hurricane
I can see the sunlight through the rain

I'll say it now, I won't go down
No I won't let you stand in my way

Shouldn't have gone and leave me broken-hearted
Picking up the pieces, now I'm starting over, over
Even when you think that I'm going under
Rising to the top, that's how I'll be getting over, over you

There's a new day waiting up ahead and now I'm leaving
A life without you baby, I can finally breathe
Over you

Shouldn't have gone and leave me broken-hearted
Picking up the pieces, now I'm starting over, over
Even when you think that I'm going under
Rising to the top, that's how I'll be getting over, over

Shouldn't have gone and leave me broken-hearted
Picking up the pieces, now I'm starting over, over
Even when you think that I'm going under

Rising to the top, that's how I'll be getting over, over you
