I can see

My body move

It goes without me

What I used to be

Prove it

A breath for you

No kiss

My tears they fly

In the wind

I blink you die

Cuz you believe

In what I can see

My body moves

It goes without me

It used to dance one two one two

It used to prance one two one two

Now I follow you

Forever

You compell me to

Fly.... flew..

I blink and see

Nothing

Forever

One two one two

I ache for you

My soul has got a hole

To see you through
