[Kim] [Lee] Look before you leap, okay? You slept Do you read me? Did I drift? May all your dreams come true Do I dream? He's standing by the door Do you read me? He's got something in his hands I'm not speaking All the money's gone Do you read me? All the money's gone I dream The days we spend, go on and on Shift Fucking youth I dream Working youth May all your dreams come true Sound today are you sound today are you sound today? A lot of people suffer Sound today are you sound today are From impotence You sound today? All the money's gone Today The days we spend go on and on These things don't happen automatically Fucking youth I dream Working youth Edith moves each step Fucking youth The days we spent go on and on Working youth I dream Fucking youth Do you read me? Fucking youth Working youth
