Smile like a sun
Back over time
Crazy for you
Pleasure is mine

I love you, I love you, I love you
What's your name?
I love you, I love you, I love you
What's your name?

You're coming through it
Even it up
Going too far
Try understand

I love you, I love you, I love you
What's your name?
I love you, I love you, I love you
What's your name?

Whisper, kiss your ear
I'll tell you what I fear
Whisper the kisses in your ear
I'll tell you what I fear

Come on home
Just ain't fair
Name of rock 'n' roll
Where love dies
Couldn't find a soul
Tell it like it is
Deep down inside
Drunken butterfly

I love you, I love you, I love you
What's your name?
I love you, I love you, I love you
What's your name?
I love you, I love you, I love you
What's your name?
I love you, I love you, I love you
What's your name?
