Wa wa wa wa wa wa wa
No no no no no no no no
Na na na

Well we can't take her this week
And her friends all want another speech
Hoping for a better day
To hear what she's gotta say

All about the personality crisis
You got it while it was hot
But now frustration and heartache
Is what you've got
Talking talking talking talking
Personality personality

Now you're trying to be something
Now you've got to do something
Wanna be someone how wow wow wow
You must be thinking about the times you did
It took every ounce

Well it sure got to be a shame
When you start to scream and shout
You gotta contradict all those times
You better flyin' about it's a butterfly

You got a personality crisis
You got it while it was hot
Was hot enough frustration and heartache
Is what you've got
'Coz when I'm talking talking
Personality personality, yeah yeah yeah yeah

And you're a prima ballerina
On a spring afternoon
Change on into the wolf man
Howling at the moon

Got a personality crisis
You got it while it was hot
So hot you know frustration and heartache

Is what you've got
Talking 'bout personality
Talking personality, yeah yeah yeah

Now with all for some fragrant mother nature's sends
Your mirror's jammed up for all your friends
Personality everything is starting to blend all back to
one
Personality when your mind starts to bend

Personality fashion of a friend
Of a friend of a friend of a friend of a friend
Personality wondering
How celebrities ever met?

If you had to tell us about personality crisis
You got it while it was hot
He's always had frustration and heartache
Is what you got

Don't worry
Personality crisis
Please don't cry
Personality crisis
Please don't stop?
Because you walk with personality
Talk with personality
