Thurston: flower, go into it! flower, go into it!! ...  
This song is called "Flower".

Support the power of women  
Use the power of man  
Support the flower of woman  
Use the word: Fuck  
The word is love

There's a new girl in your life  
Long red wavy hair  
Purple eyes and green, green lips  
Skinny hips and big round breasts  
Hanging on your wall  
One edge ripped, the other's slipped  
Support the power of women  
Use the power of man  
Support the flower of woman  
Use the word: Fuck  
The word is love

There's a new girl in your life  
Long red wavy hair  
Purple eyes and green, green lips  
Skinny hips and big round breasts  
Hanging on your wall  
Support the power of women  
Use the power of man  
Support the flower of women  
Use the word: EVOL  
The word is love

(Walls Of Ears version of Flower)
