My father was Irish, my mother was English
but the Irish has the upper hand in me
and speaking' of Irish people and things
How'd you like an Irish melody
There's a light in your eyes Sweetheart Darlin'
and it makes all the world fair and bright
Like the light in the skies Sweetheart Darlin'
when the mornin' steals out of the night
'Tis lovelight a shinin' for someone
Sure I'm wond'ring just who it could be, my darlin'
There's a light in your eyes Sweetheart Darlin'
Tell me darlin' it's shinin' for me
There's a light in your eyes Sweetheart Darlin'
and it makes all the world fair and bright
Like the light in the skies Sweetheart Darlin'
when the mornin' steals out of the night
'Tis lovelight a shinin' for someone
Sure I'm wond'ring just who it could be, my darlin'
There's a light in your eyes Sweetheart Darlin'
Tell me darlin' it's shinin' for me
