Welcome to my dreamiest nightmare,
Where you're so close but you never get there,
There's still some things you need to say to me
Because my love, you're my farthest destiny.

I never thought, I'd say this again,
The three words that you never said,
The one phrase that breaks a heart in two,
Cause angel, I love you.

If I could turn the clock again,
It's the same three words I wish I never said,
The phrase that breaks a heart in two,
Cause angel, I love you.

Angel you're the closest thing
I've wanted most but you still can't see,
I say five vowels and three syllables,
They're unnoticed, and you're so dreamable.

I never thought, I'd say this again,
The three words that you never said,
The one phrase that breaks a heart in two,
Cause angel, I love you.

If I could turn the clock again,
It's the same three words I wish I never said,
The phrase that breaks a heart in two,
Cause angel, I love you. [x4]
