(Verse)

It's amazing, girl,  
How I can tell you ain't had your field  
Of loving, baby, come my way,  
Get your full cause meals.

(Pre-Chorus)

Don't worry, I can do it right,  
No need to hurry, I can take my time.  
What you need, what you like,  
You can get it your way.

(Chorus)

Have you ever,  
Have you ever had a love that was so good you  
couldn't explain it?  
Have you ever,  
Have you ever had your mind blown off the frame?  
Have you ever, ever, ever, ever?  
I'll be the one to show you what that feels like,  
Just be ready for the night.

(Verse)

If you and me,  
I can come to your rescue, babe.  
From lack of love in your life, done my way.

(Pre-Chorus)

Don't worry, I can do it right,  
No need to hurry, I can take my time.  
What you need, what you like,  
You can get it your way.

(Chorus)

Have you ever,  
Have you ever had a love that was so good you  
couldn't explain it?  
Have you ever,  
Have you ever had your mind blown off the frame?  
Have you ever, ever, ever, ever?  
I'll be the one to show you what that feels like,

Just be ready for the night, ready for the night, baby.

(Bridge)

Girl, tonight is gonna be a night that you anticipated.  
And I'll make sure to give your body everything  
you're finding for.  
Cause you've been waiting for a real man to give you  
what you need.  
And, baby, that feel...

(Chorus)

Have you ever,  
Have you ever had a love that was so good you  
couldn't explain it?  
Have you ever,  
Have you ever had your mind blown off the frame?  
Have you ever, ever, ever, ever?  
I'll be the one to show you what that feels like,  
Just be ready for the night, ready, baby.

Have you ever,  
Have you ever had a love that was so good you  
couldn't explain it?  
Have you ever,  
Have you ever had your mind blown off the frame?  
Have you ever, ever, ever, ever?  
I'll be the one to show you what that feels like,  
Just be ready for the night, ready for the night, baby
