Oh, I see your body talking, oho, yeah
I see your body right there, I see your body right there

Hello to you too, that's what's up, I wanna dance with
you too
Damn Shawty I think it's so cool, a body like that ain't
acting brand new
And that's my joint too, we can find 'Ä! I'm right
behind you
And that's just the preview, to see the rest you gotta
come to my room
We gonna do it dance tonight, yeah, my mom
Put me in your dance tonight, plus I got a couple of my
own boys up in the spot
So you should call in some of your friends tonight
And we gonna work it out tonight
Mama I'm gonna put it down tonight
Promise I'ma get you right
When I feel this with that sexy little 'Ä! baby you are
gonna say 'Ä!
Have you talk about
Hello, how you doing? But our lips ain't moving
Soon as I hit the door street 'Ä! like hello, how you
doing? but our lips ain't moving
Soon as I hit the door street 'Ä! like

Hah, look before you, I understand body language girl
don't move
What you drinking on bu? I'm about to make my way to
the side of the room
It's about to be true, 'Ä!.girl what you give me too
I'm about to head to the roof
If you ain't doing nothing baby you should come too
We gonna do it dance tonight, yeah, my mom
Put me in your dance tonight, plus I got a couple of my
own boys up in the spot
So you should call in some of your friends tonight
And we gonna work it out tonight
Mama I'm gonna put it down tonight
Promise I'ma get you right
When I feel this with that sexy little 'Ä! baby you are

gonna say 'A€A!
Have you talk about
Hello, how you doing? But our lips ain't moving
Soon as I hit the door street 'A€A! like hello, how you
doing? but our lips ain't moving
Soon as I hit the door street 'A€A! like

Little mama... away from me now, how you doing, how
you doing, how you doing mom
'A€A! so blind right now how you doing, how you doing,
how you doing mom
She creep me at the door, she creep me at the door,
she creep me at the door
... see your body moving like 'A€A!
Hello, how you doing? But our lips ain't moving
Soon as I hit the door street 'A€A! like hello, how you
doing? but our lips ain't moving
Soon as I hit the door street 'A€A! like hello, how you
doing? but our lips ain't moving
Soon as I hit the door street 'A€A! like hello, how you
doing? but our lips ain't moving
Soon as I hit the door street 'A€A! like.
