Uuuuuuuu
Uuuuuuuuuu
Oh baby
Uuuuuuuuuu
Uuuuuuu
Yeah yeah uuuuuuu

I took my time waiting for you and all you did
Is cut me lose now it's over between me and you
What you expect me to do
Pack your bag cause you are no longer first
Couldn't decide for best and worse
Is ok cause all it seems to work out right
I love that says that you and me
A look that... she came between
Our look so keep on dancing
I love that says that you and me
A look that... she came between
Our look so keep on dancing
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu

Miss those times having you here
I am not pride justice is the... got to work it out with,,
So what your dream never come back you broke my
heart
So just leave it that now it's perfect you just want a role
within
I love that says that you and me
A look that... she came between
Our look so keep on dancing
I love that says that you and me
A look that... she came between
Our look so keep on dancing
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu
Keep on keep on keep on dancing uuu
