A broken heart (3X)

I have no more strength to fight
I feel like I've lost my mind
How could I ever let you go?
I know there is no way back
All colors just fade to black
Baby, why? I just wanna know

And my heart is bleeding
I just can't stop screaming
But you won't, you won't hear my voice

Chorus

Oh baby, you left behind you
A broken heart (3X)
I cannot remove this tattoo
A broken heart (3X)

My blood is so cold as ice
I'm paying the highest price
For your love, for your love I'll die
The darkness surrounds my soul
I just wanna let you know
You are my, you are my sunrise

And my heart is bleeding
I just can't stop screaming
But you won't, you won't hear my voice

Chorus (2X)
