I know something about love you've gotta want it bad  
If that guy's got into your blood, go out and get him  
If you want him to be the very heart of you  
Make you want to breathe, here's the thing to do.

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now.

I know something about love you gotta show him  
And make him feel the moon up above, go out and get him  
If you want him to make your heart sing out  
If you want him to always think of you.

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now.

Ever since the world began it's been that way for man  
And women were created  
To make love their destiny  
Then why should true love be so complicated, oh yeah.

I know something about love you gotta take his hand  
Show him what the world is made of, one kiss will prove it  
If you want him to be always by your side  
Take his hand tonight, swallow your foolish pride.

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now.

Tell him that you're never gonna leave him  
Tell him that you're always gonna love him  
Tell him, tell him, tell him, tell him right now.
