Why do they say that
We're too young to go steady?
Don't they believe it
That I love you already?

Gee, the moon is shinning bright
I wish that you could come out tonight
Why don't they let us fall in love?
Why don't they let us fall in love?
Whoa whoa, whoa whoa

Why do they try
To keep us apart?
Why do they laugh at
What I feel in my heart?

Gee, the moon is shinning bright
I wish that you'd come out tonight
Why don't they let us fall in love?
Why don't they let us fall in love?
Whoa whoa, whoa whoa, why

Why do they say that
We're too young to go steady?
Don't they believe it
That I love you already?

Gee, the moon is shinning bright
Wish that you'd come out tonight
Why don't they let us fall in love?
Why don't they let us fall in love?
Whoa whoa, whoa whoa, why

Whoa whoa, why, whoa whoa, why
Whoa whoa, why, whoa whoa, why
Somebody tell me
