BLEED

I'm just a sidebar

I'm just an after thought

They all just wrote me off

So you and me we gotta live in a world of make believe

It's hard to hold on to nothing but we can't give in

Cause everything that is real and that matters ain't for free

So we scrape and bleed, we break

We stand together yeah we gotta do it

We bleed, we break, they said we wouldn't make it, all the others for sake

Look down upon me

On what it could've been

They think we'll never win

Wasted time, some say wasted life, part of sacrifice

Yeah we bleed, we break, we stand together yea we gotta do it

We bleed, we break, they said we wouldn't make it all the others forsake

We break, against all odds we lay it on the line

Yea we bleed, we break, we stand together yea we gotta do it now
