Hold your breath and make believe
Dream into tomorrow
You the king and me a thief
Beauty and the sorrow
Now breathe out

Close your eyes and count to three
Playing "dead man walking"
Scratch your name into the trees
In case we are forgotten

We are the angels
We are darkness in the light
(I'll be with you forever)
We are the angels
We are darkness in the light
(A love time cannot sever)

Turn the key and come inside
Safe from isolation
Shadow on the other side
Opiate sensation
We breathe again

Rest your wings down next to me
Tell me of your feelings
I hunger for a memory
Of innocence and suffering

Go!
We are the angels
We are darkness in the light
(I'll be with you forever)
We are the angels
We are darkness in the light
(A love time cannot sever)

I am machinery
I am the lead in pure
I am all I can be
I am nothing more
