Welcome to the corporation  
Future and futility  
Three-ring empire  
Circus of absurdity

Now open to interpretation  
Coding life or reality  
Steel shattered boughs break  
Chaos in stability

Tread thin ice  
Breath thin air  
Speaking words we'll never hear  
Hope is gone leaving here  
Another day another year (x2)

Digress to speculation  
Profiteering misery  
Stock optioned in water  
High-priced iniquities  
Static market penetration  
Manic wordplay industry  
Straight-faced spin crier  
Pulling wool over the sheep

Tread thin ice  
Breath thin air  
Speaking words we'll never hear  
Hope is gone leaving here  
Another day another year (x2)

Tread thin ice  
Breath thin air  
Speaking words we'll never hear  
Hope is gone leaving here  
Another day another year (x4)
