sharing with us what he knows

shining eyes are big and blue

and all around him water flows

this world to him is new

this world to him is new

to touch a face

to kiss a smile

new eyes see no race

the essence of a child

the essence

he's born to shimmer, he's born to shine

he's born to radiate

he's born to live, he's born to love

but we'll teach him not to hate

true love it is a rock

smoothed over by a stream

no ticking of a clock

truly measures what that means

truly measures what that means

and this thing they call our time

heard a brilliant woman say
she said you know it's crazy
how I want to try to capture mine
I think I love this woman's way
I think I love this woman's
way she shimmers, the way she shines
the way she radiates
the way she lives, the way she loves
the way she never hates
sometimes I think of all of this that can surround me
I know it all as being mine
but she kisses me and wraps herself around me
she gives me love, she gives me time
and I feel fine
I feel fine
but time I cannot change
so here's to looking back
you know I drink a whole bottle of my pride
and I toast to change
to keep these demons off my back
just get these demons off my back
cause I want to shimmer, I want to shine
I want to radiate
I want to live, I want to love
I want to try to learn not to hate

try not to hate

we're born to shimmer, we're born to shine

we're born to radiate

we're born to live, we're born to love

we're born to never hate
