Performed by Wood)

I love the way you speak

And I love the way you swear

I love the way you walk around with your head held in  
the air

I love the way your words move

And I love the way you drive

I love the way you're scared of people scared to be  
alive

Stay - stay you that's the toughest thing to do (x 2)

I love the way you dress upon a Saturday night

I love the way you never speak until it feels just right

I love the way you're spending all your money on  
yourself

I love the way you answer the phone and pretend  
you're somebody else

Stay - stay you that's the toughest thing to do

And now I don't want to talk about the things you  
overcame

By dragging up the past I'll put you through it all again

I've got the greatest admiration for the way that you  
got through it

Couldn't ask nobody else to do it better than you do it

Stay - stay you ...
