I'm just going through the motions of living
She seemed to love me so how was I to know
I'd be going through motions of living
I've lost so much within I'll never love again
I'm going through the motions of living
When you see me breast in my very best
I'm going through the motions of living
It isn't really me it's what I used to be I'm going through
the motions of living
You have to live so much to know so little so little in
return of all the giving
We laughed we loved I've cried we parted and I died
Now I'm going through the motions of living
We laughed we loved I've cried we parted and I died
Now I'm going through the motions of living (living)
living oh Lord
