Oh, I wish it hadn't happened, I wish it hadn't happened
It wasn't worth the pain I'm going through
Oh, I wish it hadn't happened, I wish it hadn't happened
It wasn't worth the price of losing you

I fell in love with a new love
I thought my new love was true love
I swapped the perfect apple for a bad one
Now I'm the sad sad sad sad sad one

Oh, I wish it hadn't happened, I wish it hadn't happened
It wasn't worth the pain I'm going through
Oh, I wish it hadn't happened, I wish it hadn't happened
It wasn't worth the price of losing you
