I was put here by a jury  
Of twelve good men and true  
For myself, I wouldn't worry  
But what about Jenny Lou

What'll they do to her, what'll they do to her, what'll  
they do to my darling  
Will they go blamin' her, taunting and shaming her,  
After I'm gone away

Since the main street was deserted,  
They all believe the worst.  
There was only me and Jenny  
Could swear it was him drew first.

They believe I meant to kill him  
Although he'd been my pal  
There was real bad blood between us  
For Jenny was once his gal

What'll they do to her, what'll they do to her, what'll  
they do to my darling  
Will they go blamin' her, taunting and shaming her,  
After I'm gone away

Now, they'll make my Jenny suffer  
For her good name is gone  
How his brother's lie by sayin'  
That Jenny had led him on

They'll be comin' in the morning  
To take me to a tree  
Oh, when I think how they'll treat Jenny  
I wish it was him killed me

What'll they do to her, what'll they do to her, what'll  
they do to my darling  
Will they go blamin' her, taunting and shaming her,  
After I'm gone away

What'll they do to her, what'll they do to her, After I'm  
gone
