Take me back I'm begging please take me back I'm on
my knees
For you to scold me, hurt me, hold me darling take me
back

When you belonged to me I had a jealous mind
Too late I've learned that you were not the cheating
kind
Take me back

My jealous eyes have learned to take a look or two
They were too blind to see that I was losing you
Take me back

They say you live and learn and though I've tried
before
I promise never to be jealous anymore
Take me back
