You're the reason I'm in love  
You're my shining star above  
You're my every dream come true  
That's why I love you like I do

Adam shared his love with Eve  
Some may doubt but I believe  
I would give my life for you  
That's why I love you like I do

Man wasn't meant to be alone  
He needs a girl to call his own  
The only girl for me is you  
That's why I love you like I do

You're the reason I'm in love  
You're my shining star above  
You're my every dream come true  
That's why I love you like I do
