I sit in the state of a daydream

With all of your words flying over my head

Even more time gets wasted

In a daze

It should seem obvious to you

Your screams and cries are never going to work

And all of your time gets wasted

In my daze

And I'm looking back now

At where I have gone wrong

And why I could not seem to get along

My interests are longing

To break from these chains

These chains that control

My future's aim...

I sit in the state of a daydream

With all of your words flying over my head

Even more time gets wasted

In a daze

Maybe I'm just too damn lazy

Or maybe I was just brainwashed to think that way

And all of your time gets wasted

In my daze
