Something's on my mind  
It's been for quite some time  
This time I'm on to you  
So where's the other face?  
The face I heard before  
Your head trip's boring me  
Let's nuke the bridge we torched  
2,000 times before  
This time we'll blast it all to hell  
I've had this burning in my guts now  
for so long  
My belly's aching now to say  
Stuck down in a rut of dislogic and smut  
A side of you well hid  
When it's all said and done  
it's real and it's been fun  
But was it all REAL fun  
Let's nuke the bridge we torched  
2,000 times before  
This time we'll blast it all to hell  
I've felt this burning in my guts now

for so long

My belly's aching now to say

You're just... a fuck,

I can't explain it 'cause I think you suck.

I'm taking pride

in telling you to fuck off and die.

I've felt this burning in my guts now

for so long

My belly's aching now to sing

I'm taking pleasure in the doubts that

may still grow

So listen up cause you might miss it

You're just... a fuck,

I can't explain it 'cause I think you suck.

I'm taking pride

in telling you to fuck off and die.

And die.

(long silence, hidden track)

I was alone, I was all by myself

Now I was lucky, I was thinking of you

Oh yeah, did I mention I was all by myself

All by myself (sev times)

I went to your house, but no one was there

I went to your room

I was all by myself

We had such wonderful times

When I'm all by myself, all by myself...
