Here we go again, infatuation

Touches me just when I

Thought that it would end

Oh but then again it seems

Much more than that but

I'm not sure exactly what you're thinking

Well, I toss and turn all night

Thinking of your ways of effection

But to find that it's not different at all

I throw away my past mistakes

And contemplate my future

That's when I say...

What the hey!

Would I last forever?

You and I together, hand and hand

We run away (far away)

I'm in for nasty weather

But I'll take whatever you can

give that comes my way (far away)

Here we go again, infatuation

Touches me just when I

Thought that it would end
Oh but then again it seems
Much more than that but
I'm not sure exactly what you're thinking
Oh but then again it seems
Much more than that but
I'm not sure exactly what you're thinking
Well, I toss and turn all night
Thinking of your ways of affection
But to find that it's not different at all
I throw away my past mistakes
And contemplate my future
That's when I say...
What the hey!
Would I last forever?
You and I together, hand and hand
We run away (far away)
I'm in for nasty weather
But I'll take whatever you can
give that comes my way (far away)
Well, I toss and turn all night
Thinking of your ways of affection
But to find that it's not different at all
I throw away my past mistakes
And contemplate my future

You and I together, hand and hand

We run away (far away)

But I'll take whatever you can

give that comes my way (far away)
