"I Was There"

Looking back upon my life
And the places that I've been
Pictures, faces girls that I've loved
I try to remember when
Faded memories on the wall
Some names I have forgotten
But each one is a memory I
Look back on so often.
I look into the past
I want to make it last
I was there
Looking back what I have done
There's lots more life to live
At times I feel overwhelmed
I question what I can give
But I don't let it get me down
Or cause me too much sorrow
There's no doubt about who I am
I always have tomorrow
Looking back upon my life
Faded memories upon the wall

Looking now at who I am

I don't let it get me down
