She
She screams in silence
A sullen riot penetrating through her mind
Waiting for a sign
To smash the silence with the brick of self-control

Are you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a use
Scream at me until my ears bleed
I'm taking heed just for you

She
She's figured out
All her doubts were someone else's point of view
Waking up this time
To smash the silence with the brick of self-control

Are you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a use
Scream at me until my ears bleed
I'm taking heed just for you

Are you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a use
Scream at me until my ears bleed
I'm taking heed just for you
