looking at the clouds in the sky
floating image in my mind
leyt a beauty round the past
now i wonder where this place is from
evidence is everywhere
i start to run and now i'm scared
strange beings all around
come everyone to this place i've found
i'll feel what it's like to be wanted
wonder why?
unlocked doors will be open
no more cries
my eyes are clear and now i'm cured
don't you wanna be for sure
revolve my life from around this lie
sunlight is like your cheif of lies
see my head and you will find
mother love from all mankind
???
don't run away
???

i'll feel what it's like to be wanted

wonder why?

unlocked doors will be open

no more cries i'll feel what it's like to be wanted

wonder why?

unlocked doors will be open

no more cries
