You pushed me once too far again  
I'd love to break your fucking teeth  
Stick a knife in the center of your back  
You better grow some eyes in the back of your head.  
I fight dirty just like your looks.  
Can't take, can't take, can't take anymore  
Take back, take back  
Take...  
The taste of bad blood on the tip of my tongue.  
An eye for an eye.  
Gun for a gun.  
Cold- choked and i'm taking back what's mine.  
Expect it when you least expecting it.  
No loss of love, the smell of regret.  
Lights out....Can't take anymore  
.....Shite
