one two one two three lets go

distorted and broken but everybody says that "I can't believe whats gone wrong" you tell me the truth but its nothing but lies and you tell me what to do.

My whole life heard you say what a lose heard you tell me that you can agree but i never wanted what you wanted  
from me so do me a favor and please let me be

You ask me questions I don't know what to say  
think about the problems that cloud in my day  
I think what shoul've said  
I think whats wrong and sit but  
i don't know where to go

My whole life heard you say what a lose heard you tell me that you can agree but i never wanted what you wanted  
from me so do me a favor and please let me be

(please let me be)x3

My whole life heard you say what a lose heard you tell me that you can agree but i never wanted what you wanted  
from me so do me a favor and please let me be

please let me be x2  
oh please oh please oh please  
let me be x3

Thanks to Erik
