Break!

Match your facade and your heart sings pseudo,
It's just a spiel to describe her love,
This won't last long for what it's worth,
I just wanted to let you know.

I say so long to your binds,
Brings me to my knees, brings me closer,
Hey hey, in lust we play, but we go nowhere,
Brings me to my knees, brings me closer,
Brings me closer.

Spawned from the lustbug and driven to suffer,
Just living to suck the life out of yourself,
My eyes feel heavy so let go,
I just wanted to let you know.

I say so long to your binds,
Brings me to my knees, brings me closer,
Hey hey, in lust we play, but we go nowhere,

Brings me to my knees, brings me closer,
Brings me closer.

And I can see right through your eyes, child, so afraid,
We are all the same inside, don't be ashamed.
I can see right through your eyes, child, so afraid,
We are all the same inside, don't be ashamed, no!

So feel the applause, and thank you for listening!

I say so long to your binds,
Brings me to my knees, brings me closer,
Hey hey, in lust we play, but we go nowhere,
Brings me to my knees, brings me closer,
Brings me closer.

And I just wanted to let you know...
