What is the significance,  
In playing the part?  
A smiling temperament,  
A sour tongue  
You will see behind the shadows,  
They poison my eyes.  
Something more than weeping angels,  
Burn into my mind.

I will protect you  
I will protect you  
I will protect you  
I will protect you

Sinking on the way to us  
Border to a part without a title

There's a part of me,  
In a part of you,  
In a little change,  
In a part of you  
There's a part of me,  
In a part of you,  
In a little change,  
In a part of you

I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you

Won't let go  
But I needed change from you  
Close this hole  
But I needed change

But I needed change

There's a part of me,  
In a part of you,  
In a little chain,  
In a part of you  
There's a part of me,  
In a part of you,  
In a little chain,  
In a part of you

I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you  
Someone's gotta keep you alive  
I will protect you  
I will protect you

Won't let go  
But I needed change from you  
Close this hole  
But I needed change  
But I needed change
