

Day Third

"Forever"

Visit "[Forever](#)" on MotoLyrics.com

I see a hand reaching out to help me

But I don't understand all of your ways

You are still the Potter and I am just the clay

And though I know at times I am too proud

To reach for You, to help me out

But if I waited on myself to get it right

I would be waiting here forever

Chorus

Your grace is never going to change

Your faith will always remain

Your love is the same yesterday, today, and forever

I see a world looking for an answer but I don't know
what for

When will we realize that we're sinners in the hands of
a loving God who came

and died and wants to set us free

How he longs to be with you and me

But if we waited on the truth to change

We would be waiting here forever

(Chorus
