#### VERSE 1

No I didn't see this one coming  
Suddenly it snuck up on me  
Well I can't say you didn't tell me so  
Well I can't say you didn't warn me

#### CHORUS

Well I can't take the pain of knowing that I left you  
And I can't bear the shame of knowing I was wrong  
But I'll take the blame for everything that I've done  
But I can't take the pain of leaving you alone  
Leaving you alone

#### VERSE 2

Well I was there when they accused you  
But I guess I was too afraid  
Not just once, and not just twice  
But three times I denied your name

#### CHORUS

Well I can't take the pain of knowing that I left you  
And I can't bear the shame of knowing I was wrong  
But I'll take the blame for everything that I've done  
But I can't take the pain of leaving you alone  
Leaving you alone

#### BRIDGE

Well I never thought I'd get even a second chance  
But you gave me that and so much more  
And then for every time I ever did deny  
You asked me if I love you  
You know I do Lord

#### VERSE 3

So I'm off to follow in your steps  
It won't be easy it's safe to say  
There are only two roads I can walk on down  
The one less traveled is the one you take

#### CHORUS

Well I cant take the pain of knowing that I left you

And I can't bear the shame of knowing I was wrong  
But I'll take the blame for everything that I've done  
But I can't take the pain of leaving you alone

But you took the pain even though I left you  
And you took the shame and you made it all your own  
Why'd you take the blame for everything that I've done  
But you took the pain you and you alone, you and you  
alone  
You and you alone
