Take my heart and help me feel

Take my faith and make it real

Take my eyes and help me see

All the love surrounding me

\*CHORUS\*

Don't let me go

Hold me close to where you are

Don't let me go

Take my heart, Take all of me

Take my loss and take my gain

Take my trials and take my pain

Take my life and let it be

All that you would have for me

\*CHORUS\*

\*Guitar solo\*

\*CHORUS\*

Don't let me go

Take my heart, Take all of me
