"Peace"

Peace like a river flows within me

Love like a waterfall pours on me

I'll never be alon, can't you see

Peace like a river flows on...

Hope is a fire burning in my soul

Life is eternal with you Lord

Who could ever ask for more

Peace like a river flows on...

..on, think of all I could have missed

..oh, I just can't get over this

Faith if a light shining down on me

Mercy is a wind blowing over me

The grace of God has set me free

Peace like a river flows on
