Walk Away

Verse 1

Boy the first time i saw you  
I knew that you'r the one (mm yeah)  
You play games on me  
and you left my heart broken,  
I didn't know what you'r doin  
But till the day i found you  
With another gurl  
That wasn't right  
You promise that you will  
Always be mine  
And You will never  
Hurt me you put a  
Ring on my finger  
Say that you love me

Chorus

Aren't you the one you promise me  
Me that you will never leave me  
And now u want to walk away  
Since you came inside of my life  
I thought you'r the one but all the promise  
You told me was a dream that never came true(yeah)  
And now u wan walk away (tell me now that im  
dreaming)  
Some body tell me please(yeahhhh)

Verse 2

Baby gurl from the bottom of my heart  
I swear i never ment to hurt you  
But the day i saw her i felt like somethin  
beating on my heart that the way she walk  
The way she talk makes me want her more and more  
I know this might hurt you but i cant go back for what  
we been through together Im sorry( oh yeah )  
I never ment to hurt you(never)i said never

I just dont know what to say to make you  
Understand me but you know what  
I still love you anyway even though  
You wont take me back u wan walk away

#### Chorus

Aren't you the one you promise me  
Me that you will never leave me  
And now u want to walk away  
Since you came inside of my life  
I thought you'r the one but all the promise  
You told me was a dream that never came true(yeah)  
And now u wan walk away (tell me now that im  
dreaming) Some body tell me please(yeahhhh)
