I got a story to tell
About this girl that I adore
She always gets me, never yells
And she laughs at all my jokes

I haven't told her how I feel yet
Yeah well it scares me so
But girl you really make my heart melt
So here we go - I love you

I know it may sound cheesy
But won't you hear me out please
I'm so glad I found you
And you me
So glad I found you
So glad I found you
So glad I found you
So glad I found you
Yeah

I made a necklace with our names
When I was just nine years old
But then you moved so far away
And I lost it now it's gone
That was like ten, eleven years ago
I've known you from the start
Let's make up for every second of
The years we were apart

I know it may sound cheesy
But won't you hear me out please
I'm so glad I found you
And you me
So glad I found you, yeah
So glad I found you
So glad I found you

I love everything about you
The way you bite your nails
Yeah it's true
I'm crazy about you

And all I want from you is nothing
Knowing you're around is all I need
It's all I need
It's all I need

So glad I found you
So glad I found you, yeah
So glad I found you, yeah
So glad I found you
Yeah
