The day i left you
I felt kind of sad
Cause' I really liked you, yeah
But you make me so mad
You can see, I hate you
When you're making me do
Things that I don't want you to
When I'm with you

So now I'm standing here on my own
I really miss you but can't stand you're tone
So now I'm free, but all so alone
I don't know if I survive on my own

I'm on my own now
Don't know what to do
But for somehow
I can't get over you
I miss you so know
Why did you let me go?
I guess it's my fault know
I can't blame you at all

I have to go, girl
Don't know why I did
But I had a feeling
I wanted to send up a shout
Don't know what's the truth, girl
Do I hate or love you?
Don't know what to do
I'm sorry for I left you

So now I'm standing here on my own
I really miss you, but can't stand you're tone
So now I'm free, but all so alone
I don't know if I survive on my own

Now I'm standing here on my own
I really miss you, but can't stand you're tone
So now I'm free, but all so alone
I don't know if I survive on my own

Well, I don't know if we're ment to be
I don't know if we're ment to be
I don't know if we're ment to be
I don't know if we're ment to be

So now I'm standing here on my own
I really miss you, but can't stand you're tone
So now I'm free, but all so alone
I don't know if I survive on my own

Now I'm standing here on my own
I really miss you, but can't stand you're tone
Now I'm free, but all so alone
I don't know if I survive on my own
