Love is a beautiful place
when you're in it,
when you're in it
But then you fucked it all up
In just a minute
And now we're finished

I thought that you'd always be there
I would have followed you anywhere
Now everything we ever shared,
Is just a memory in my head

I promise you this is the end
I am singing our requiem
You're not gonna fail me again,
cause I'm singing our requiem

I'm still in love with your face
Though i hate it
Yeah I hate it
Just the thought of your lips
Makes me crazy

I thought that you'd always be there
I would have followed you anywhere
Now everything we ever shared,
Is just a memory in my head

I promise you this is the end
I am singing our requiem
You're not gonna fail me again,
cause I'm singing our requiem

You're praying for forgiveness
You're praying for forgiveness
You keep praying for forgiveness

While I'm singing our requiem

There was so much you could say

So much you could do

But look away and hide the truth

You trying to explain but I'm not a fool

Nooo, no, no

I'm no fool for you

Nooo

I promise you this is the end

I am singing our requiem

You're not gonna fail me again,

cause I'm singing our requiem

You're praying for forgiveness

You're praying for forgiveness

You keep praying for forgiveness

While I'm singing our requiem

While I'm singing our requiem
