Life is an open sea  
Just waiting for you and me yeah  
We can do what we wanna do  
Be what we wanna be

Mountains and city streets  
Just waiting for you and me yeah  
We can go where we wanna go  
We know what we gotta know  
We've got everything we need

Oh, shout it from the rooftop  
Nothing's gonna stop us  
We have been waiting so long  
We're getting ready to run  
Run until our hearts stop  
We will never give up  
We have been waiting so long  
Shout if you're ready to run

Tomorrow won't be the same, no  
Tomorrow we're far away yeah  
Under a different sky  
Watching it side by side  
Yeah tonight we will celebrate

Oh, shout it from the rooftop  
Nothing's gonna stop us  
We have been waiting so long  
We're getting ready to run  
Run until our hearts stop  
We will never give up  
We have been waiting so long  
Shout if you're ready to run

This is not goodbye  
I'm not gonna cry  
I'll see you somewhere down the line  
It may take some time  
But it will be alright

Oh, tomorrow won't be the same  
Tomorrow we're far away  
We can do what we wanna do  
Be what we wanna be

Oh, shout it from the rooftop  
Nothing's gonna stop us  
We have been waiting so long  
We're getting ready to run  
Run until our hearts stop  
We will never give up  
We have been waiting so long  
I think we're ready to run
