Wanna give you my weapon, wanna give you my
weapon,
gonna ride all over, gonna ride all over your town
If I spy the woman I'm lovin', I'm sure gone let my
airplane,
I'm sure gone let my airplane down

Honey, here's my hand, honey, here's my hand,
you can lead me where you want, you can lead me
where you want me to go
If you lead me wrong this time, then you won't lead me,
then you won't lead me no more

Honey, you three times seven, honey, you three times
seven,
and you know what you wanna, and you know what you
wanna do
Well, that day you quit me little woman, and I won't be
mad,
and I won't be mad with you

I know my little woman, I know my little woman,
she's bound to jump, she's bound to jump and shout
When she gets hold to this letter, I done wrote my long
time,
I done wrote my long time lost

Just the day before Christmas, just the day before
Christmas,
let me bring your present, let me bring your present
tonight
That will be you Santa Claus, even if my whiskers,
even if my whiskers be white
