If you ever, ever been down  
Well, you know just how I feel,  
oh, Lord, I say you, you know just how I feel

Oh, well, I feel just like an angel  
Ain't got no drivin' wheel,  
oh, Lord, I say, ain't got no drivin' wheel

You don't believe, don't believe I'm sinkin'  
Look what a hole I'm in,  
oh, Lord, I say, look what a hole I'm in

You don't believe, don't believe I love you  
Look what a fool I've been,  
oh, Lord, God knows what a fool I've been

That's the way, the way I feel  
And I can't have a feel that way,  
oh, Lord, God knows I can't have a feel that way

Well, it's your, your time now darlin'  
It'll be my time some sweet day,  
oh, Lord, God knows, be my time someday

Some people, they think I'm happy  
But they sure don't know my mind,  
oh, Lord, God knows it, sure don't know my mind

Well, when you see, you see me laughin'  
Laughin' just to keep from cryin',  
oh yes, well, I'm laughin' to keep from cryin'

Some people, they don't know  
'Cause see a smile on my face,  
oh, Lord, they see a smile on my face

Well, it's your, your time now  
But it's gonna be mine someday,  
oh yes, well, it's gonna be mine someday
